Continuity in your learning is the key to your success.

Sheila has been organising courses for over fifteen years. During this time she has attracted many of this countries leading tutors and mediums to Ershamstar. However, Sheila found that in Tim Abbott they developed a partnership that complimented each others work and understanding perfectly.

Therefore, by integrating their teaching skills and knowledge for each course in 2014, students will benefit from a progressive, co-ordinated, and combined approach from two tutors who share the same fundamental understandings.

Don't delay in securing your Ershamstar course.

Ershamstar is fast becoming established and acknowledged as being a progressive school for the advancement of mediumship. We care about you and our attention is given to establishing where you are with your studies and what is possible for you to achieve and to progress. Furthermore, we have arranged and offered courses over the years that are unique to our school, in particular where public work is focused upon.

SHEILA FRENCH HON.DIPLOMA (ADV) DSNUT

Sheila French is happy to introduce a new and exciting team in 2016 who bring with them their own new and unique ideas. Sheila has been undergoing her own spiritual development for more than twenty three years and holds Diplomas in Advanced Platform, Platform, Speaking and Teaching. She is a student of Maharajah Swami Dharmananda Saraswati, and through these studies works also as a medium very closely with energies and their influences. Sheila has taught for many years at the Arthur Findlay College in Stansted, Essex and travels extensively in Switzerland and elsewhere abroad and throughout the U.K. teaching every aspect of mediumship and spirituality.

Sheila aims as being a very gifted, modern and forward thinking teacher to attempt to remove fears and barriers by encouraging students to follow her simple and straightforward approach. Sheila is a fine trance medium, trance healer and clairvoyant medium who gives public demonstrations and one to one sittings with the help of her Spirit controls.

At Ershamstar where she teaches on every course, her ability is to provide a comfortable and safe environment for her students, treating all students as the unique individuals that they are, whilst allowing them to reach out to new levels of understanding, Sheila's teachings are always in the 'Spiritual'.

TIM ABBOTT HON.DIPLOMA (ADV)

Tim has taught here for many years and he has also taught at The Arthur Findlay College, the SAGB . His abilities have found him traveling abroad to Germany, Switzerland, Denmark and others, and to all four corners of very much in churches and is recognised as demonstration remarkable evidential detail Tim is a popular, enthusiastic spirit world.

His common sense approach encourages students of all abilities to have a go. Tim's 'hands on' methods will mean that all of his students will complete the course and leave with some homework to take away. Tim's style will serve to inspire and excite your own development and progress.

CHARLIE KELLY DIPLOMA (ADV)

Charlie Kelly joins us at Ershamstar after several years of development. He holds a Diploma in Advanced Platform from Ershamstar

and he has trained with amongst others Tony Stockwell at his studio and at the Arthur Findlay College. He has been working at Ershamstar alongside both Sheila and Tim for some time, prior to which he was a student with us for a short while. He knows very well the pathway that we offer here at Ershamstar having observed it from both sides of the classroom. He is one of the busiest demonstrating mediums in England with at least 4 or 5 bookings each week and therefore his speciality skill is an acute knowledge of working in the public arena. Charlie brings to Ershamstar his youthful approach to practical work and has a great knowledge of the mechanics of mediumship which can be experienced fully on "The Power, The Presence and The Passion in February 2016.

LINDA BULLOCK CSNU)

Linda Bullock has been a medium for many years. She has taught at the Arthur Findlay College and has been both the President and Treasurer of Paignton Spiritualist church in Devon. Linda

had the honour of being taught by the great Gordon Higginson and holds many values attributed to her desire to be a dedicated Spiritualist. Linda brings to Ershamstar "The Linda Bullock Technique" which can be experienced both on "Raising The Standards" in June and her own five day course in November. This is a technique of self empowerment given to her by the spirit world over the last 37 years through her mediumship and is now recognised by governing bodies and thereby certificated. Until now this technique has been used by psychologists and professional councillors but Linda has agreed to bring it to Ershamstar in 2016 so that students of mediumship and alternative health practitioners alike can have the opportunity to look at their own life skills and

EMMA WHITEHEAD ADMIN

Emma Whitehead has been developing her mediumship for some time now and has trained at The Tony Stockwell studio and here at Ershamstar. She initially joins us as an admin. assistant. However in 2016 we hope to offer two new services at Ershamstar. One will be a quality residential medium who will be available on a regular basis when school is not in attendance. The other is a development circle that follows the same ideology as the Ershamstar school workshops. This circle will be held regularly in the Folkestone area. Occasionally one of the school mediums will take the circle and when they are not available Emma herself will be the circle leader.

Please let us know if this interests you as the circle will be open to both Ershamstar students or interested individuals from the Folkestone area. For Emma contact ershamstaradmin@icloud.com

BARBARA RADTKE

Barbara Radtke has been a student at Ershamstar for many years and has adopted a role as a supporter for students who are going through a difficult stage in their development. She is an excellent medium and circle leader in her own right and in Switzerland she represents English quality mediumship wherever she speaks.

Since 1994 she has worked in the caring industry as a nurse, teacher, mediator and life coach. She has run her own very successful business, and it is these skills that Barbara will bring to the new "Buddy" scheme that we will offer in 2016. We would like students who feel that they can support a fellow student, either during a course or through correspondence, to offer their services through Barbara who will guide them with their possibilities and their limitations and match them up with someone in need as directed by the tutors of the school. It is hoped in the future to offer her skills as a teacher of mediators at the school so that a course offering possibilities that can be used as life skills can be learned.

Friday 19th FEBRUARY start at 6pm until Thursday 25th FEBRUARY finish at 10am

Tutors Sheila French & Charlie Kelly

Prices £455 or £50 per day as a day student for 5 days

The Power :

How important are the words that we use? such as: I love you, Goodbye, It's a boy/girl, even a song title

The power that can be created by these small statements is over looked and needs greater understanding by the quality medium.

The Passion:

It could be said that as mediums we have become far to lazy. It is simple to be able to describe a person and what they look like. And too often a medium focuses on what a dress looks like or how tall the communicator was. When in reality, this information is too general and can be accepted by many recipients. It is often used as a safe statement.

However when a passion that someone has is described, this then helps to make each and every person unique. Description needs to go, and be replaced with something that holds impact and power.

The Presence:

Each communication, is unique

Mediums need to engage with the entire audience, not just an individual.

If a medium delivers the power of spirit, and delivers with passion the relationship they are having with the communicator and demonstrates the communicators passion for life, then the presence of spirit, will touch the entire audience collectively.

A course suitable for all levels of ability.
